Our staff is passionate about helping you achieve your daily goals and independence.

We can help you or your loved one continue to live safely and independently by offering true companions to curb feelings of loneliness and isolation. Our caregivers are available to run routine errands, complete light housekeeping chores, and lend a helping hand in daily tasks

What Our Patients and Clients Have to Say

" I have two aides, Marlah and Dee and they are the most compassionate and caring aides I have ever had. They both go above and beyond to make me feel safe and comfortable. I feel more like they are friends than aides. We talk, we laugh and they just generally make me feel good about myself no matter what challenges are in store for them when they come. In today's society, especially with the pandemic, all you hear are negative comments, complaints, and bad news, I feel blessed that I can share some good news. Words cannot express my gratitude to IJN Heath for sending me these angels of mercy ".

-Ruth D

" We will miss you and your staff! You ladies and Jacob did an OUTSTANDING job!!! I will forever sing your praises!
It's Amazing how you serve others it's a Blessing and to be so patient is a virtue. I pray it returns back to you and your family and their family a hundredfold! God Bless You Always!!!
"

– *Victoria*
